1. Policy Review  
The group discussed several university policies under review. "Transfer of Credits from Technical Colleges" and "Student Complaints and Grievances" policies were up for the automatic seven year review. It was expressed that the student complain policy needs clarification. Minimum scores will be raised in the "Mathematics Placement" policy. "Credit for Prior Learning" is a new policy. Giving credit is placed at the discretion of the department where credit is being sought. The "Undergraduate Admission for Non-Degree Seeking Student" policy removes constraints so non-degree seeking students do not have to go through the admissions process. The "Academic Credit Hour Definition" policy is new. It is needed to comply with the federal requirements and accreditation.

#### 2. Writing Intensive

The Gen Ed and Diversity faculty will recommend to the Faculty Association that the committee continues to review writing intensive proposals and appeals for the coming year

#### 3. 8/2 Rule
